Status information is as close as your mobile device.
View Status allows you to quickly and easily view the status and details of your claim or leave using your mobile device.

Michael submits a disability claim for an injury. He can do it online or by phone.

He learns about MyLibertyMobile View Status functionality and creates an account using the claim number assigned when he first reported his disability to Liberty Mutual Insurance.

Michael wants to check the date his disability benefit began and payment information. He visits MyLibertyMobile on his mobile device, and is able to quickly view claim details.
Step-by-Step Guide to View Status
