

UC Management Development Program

Coming May 2017

The Management Development Program (MDP) is an **investment in you as a manager**. MDP is a dynamic systemwide training program that is designed to enhance and strengthen UC manager capabilities in four core competencies – *People Management, Employee Engagement, Influence, and Change Leadership*.

The program is intended for managers who manage other supervisors or leads and/or manage complex programs or projects. The curriculum includes topics and discussions relevant to the demands facing UC managers. You'll connect with peers from across campus, share challenges and work together to find effective solutions.
