

Student On-Campus Employment - Undergraduate Occupational Medical Treatment Decision Tree

- In the case of a life-threatening emergency, seek medical treatment at the nearest medical facility regardless of status.
- If unable to determine the status of the injured individual, send to the UCR Occupational Medical Clinic for first treatment only.
- If a student employee/intern/volunteer is injured and additional support for the student is needed, please contact Student Affairs Case Management: (951) 827-6095
- WC Incident Fee will not be charged until compensability is determined. If determined to be not compensable, cost of first treatment only will be charged to Risk Management.
- For further information, please contact Workers' Compensation: Nini Furst, extension 2-4207; or Marsha Marion, extension 2-4785; or Risk Management: Erica Healander, extension 2-8224.
- * For TC 4740 (unpaid), the criteria set forth in the Department of Labor's 6-Point Factor Test must be met. For TC 9920, departments must comply with UC Policy 650-85 Volunteer (without salary) Appointments.
