Welcome Page

BEFORE ENROLLMENT

Welcome to the benefits enrollment section. Congratulations! You and your family now have an opportunity to enroll in benefits based on one of the newly benefits eligible scenarios listed below. You have either been directed to this page or navigated here on your own because:

- You are a new hire with a P6M to enroll in benefits initially, OR
- You are newly eligible for benefits, OR
- You have a life event that enables you to make enrollment changes, OR
- The annual Open Enrollment period is now open

Scroll down to view the list of your benefit events below. Do you see the Select button next to an event? If so, that indicates the event is currently open to you for enrollment. Click on Select to begin.

Take advantage of this opportunity now because your other options are limited to:

- 90-day Waiting Period
  All time, you may enroll yourself or eligible family members in medical coverage only, with a 90 consecutive calendar day waiting period. Coverage is effective after the 90 days have elapsed. Your premiums may need to be paid on an after-tax basis.

- Open Enrollment
  Open Enrollment (OE) is the time each year (typically in the Fall) when you can change your medical plan and sign up for other benefits. Shortly before OE opens, UC will launch a dedicated website to guide you through the process. Changes you make during OE are effective January 1 of the following year.

- Life Event
  A life event provides an opportunity to enroll in, or make changes to, your UC benefits when family status changes occur (marriage, domestic partnership, birth, adoption or divorce) or, in some cases, after your or an eligible family member experience an involuntary loss of non-UC health & welfare coverage.

If you don’t see the Select button, you do not currently have an open event allowing you to make enrollment changes. If you think this is in error or have additional questions, contact the UCPath Center at 1-855-9UC-PATH (1-855-982-7284).

Medical Elections

Medical coverage is one of the most important benefits that UC offers you and your eligible family members. UC's medical plans provide comprehensive coverage, including doctor visits, hospital services, prescription drugs and behavioral health services. The plans also offer a broad choice of providers — including UC medical center doctors, hospitals and medical groups — and plan designs to fit your needs.

Not sure which plan is best for you? Visit UCnet for videos and information about all of your options.

Your enrollment on this page may affect your choices for the following type(s) of coverage:
- Health Savings Account

Complete your enrollment on this page before enrolling in the benefit plans listed above.

Updated Benefits Enrollments

**OPEN ENROLLMENT**

Take advantage of online tools, including medical benefit videos. To learn more about your choices, click here. Now is the time to make sure you’re enrolled in the right medical plan for you and your family.

**Reminders**
To continue participating in the Flexible Spending Account(s) (FSA) next year, you must reenroll in these programs during Open Enrollment. If you do not reenroll in the Health FSA, you must have a minimum of $25 remaining in your account after the run-out period (April 15 of the next plan year) to be able to carry over funds (up to $500) to the next plan year. Remaining funds in your account will only be carried over for one plan year.

Important: Your choice is summarized below.
If you are not satisfied with your choices, then select the **Cancel Changes** button and correct the selections.
If you are satisfied with your choices, then select the **OK** button to store your choices.

Your enrollments are not finalized until you submit all your choices from the Enrollment Summary page.
