

MOVE MORE

FOR 3 TO 4

JOIN THE MOVEMENT

Stand, stretch, walk, or dance – it doesn't matter. Just keep moving 3-4 minutes every hour to promote better health, reduce ergonomic risks, and create a positive healthy culture change.

About 50% of the average person's day is spent sitting, which can lead to tight muscles, chronic diseases, depression and a shorter life span. But you can do something about it, and we're here to help.
