1. **Research Security Video Shorts**

Under recent Federal legislation and policy updates, universities and research institutions awarded $50M or more in federal sponsored research funding annually will need to develop Research Security Programs in an effort to mitigate risks to the nation’s research enterprise. The following series of video shorts aim to introduce UC researchers, administrators and others on four key elements of Research Security Program requirements (in 5 minutes or less):
   a. **Disclosures** — Conflict of Interest and Conflict of Commitment disclosure requirements for federal funding, UC and California state.
   b. **Talent Recruitment Programs** — Overview of talent recruitment programs, how to recognize talent recruitment programs, risks, reporting requirements, and resources.
c. **International Collaborations** — Basic overview of export control, restricted party screening, fundamental research exclusion, risks & considerations, and resources.

d. **Data Security** — Cybersecurity, threat awareness, research data security, and export controls.

### 2. Risk Management Training for Youth Programs

The following courses are **required of personnel involved with youth programs on/off campus in collaboration with Risk Management**.

a. **Keeping Your School Safe** — Overview of how you can keep your school safe from child abuse. Topics include: who abuses children at schools, when and where abuse is most likely to occur in a school, four steps you can take to keep children safe, and how to protect yourself from false allegations of abuse.

b. **Social Media Safety** — Overview of social media safety in youth-serving higher education programs. Topics include: Identify risks of using social media and other forms of electronic communication, policies and best practices governing the use of social media and electronic communication, educating youths and parents about online safety, and responding appropriately to improper and illegal use of social media/electronic communication.

c. **Athlete Protection Part 1** — Overview of how you can keep your athletes safe from abuse. Topics include: types of abuse and the effects, scope and effects of abuse in sports, how to maintain a healthy coach-athlete relationship, types of offenders and how they operate, and high risk situations and how to eliminate them.

d. **Athlete Protection Part 2** — Overview of how you can keep your athletes safe from abuse. Topics include: why people report abuse, how to take action if you suspect abuse, and how to protect yourself from false allegations.
