Retirement should be a
long and happy journey.

Will you have the financial security you need to enjoy it? Your personalized 2021 Retirement Review can show you how.

Take three important steps today to make sure you have the financial security to enjoy all that retirement brings.

- 1. Check out your 2021 Retirement Review** - Find out the monthly retirement income you can expect (if you stay on track) from UC sources, including the UC Retirement Plan (pension) and UC Retirement Savings Program accounts (403(b), 457(b) and DC plans).

Your **Readiness Score** shows your expected retirement income as a percentage of your current pay.

Please note that you may need to clear your browser cache and delete stored cookies to enable this feature.

- 2. Watch a video to see how you can improve your readiness** – Learn how to use the modeler tool to see how additional savings could help you reach your retirement income goals. Small changes now can have big payoffs later.

Further personalize your score by updating your retirement age or factoring in additional sources of income such as Social Security, other savings, or your spouse or partner's retirement assets.
