

Hello,

You are receiving this communication to let you know that, due to an inadvertent processing error, on September 8, 2021, you received a notification advising that your account information was updated.

The update in your account information occurred when a test file of employee eligibility information was loaded into WEX's production system. The file contained test eligibility data for UC's new Adoption Assistance Program, which is administered by WEX and is available to all employees in the Faculty/Staff benefits program. The file updated your account's name, address, and date of birth with test data. Please be assured that the change in your account information was not the result of a security breach and UC employee data has not been compromised.

Please note that you will receive an additional automated notification, similar to the first you received, once the information on your account has been corrected.

We apologize for this error. If you have any questions regarding your account or account login, please reach out to our University of California dedicated service line at 844-561-1338.

Sincerely,

WEX Health, Inc., a WEX Company
