Working Remotely

Through the pandemic, UC learned in a short period of time that many jobs could be performed effectively in a remote setting. And while the flexibility of working remote offered opportunities for a better work-life balance, for others there were challenges to overcome.

As work schedules begin to include hybrid/remote options across campus, we want to help faculty and staff be prepared to be able to work in whatever hybrid/remote option is chosen. LinkedIn Learning offers several videos to help you discover how to be productive, stay connected and, understand how to successfully work with the realities of your remote environment.

LinkedIn Learning topics include:

- Become a Successful Remote Worker
- Redesigning How We Work as Offices Reopen
- Improve Your Hybrid Workforce Skills
- Leading Remotely
- Setting Expectations
- Working Remotely
- Remote Working: Setting Yourself and Your Teams Up for Success
- Building Relationships / Negotiation

For additional information about remote work at UCR, please visit the UCR Remote Work webpage.

UCR Face Covering Policy

As previously communicated, mask wearing is now required indoors while on campus property, regardless of vaccination status. This policy is a result of guidance from the Center for Disease Control (CDC) and the California Department of Public Health (CDPH) for areas where the COVID-19 transmission is high – Riverside County falls into this category.

Given the current increase in cases, it is a reminder that we are still in an ever-changing situation with a dangerous disease. To help ensure the safety of our
campus community, all employees are required to complete the Daily Wellness Check when working on campus property.

For guidance on the use of face coverings, please visit the HR Face Covering Policy webpage. Here you will be able to view the face covering policy as well as how to request a mask on campus, tips for wearing a mask in scientific settings, how to care for your face coverings and more.

And while preparations are under way for a return to campus, the circumstances around COVID-19 are continually changing. As a result, campus guidelines will continue to evolve as guidance from local, state and national health authorities are updated.
